Programming:	C#, ASP.NET MVC 5, ASP.NET Core, Entity framework, JavaScript, NodeJs, EcmaScript, JQuery, HTML5, CSS3, Sass, Docker;
Others:	Microsoft visual studio, VS code, Source Tree, TeamCity, Adobe Photoshop
Books:	«C# and .net framework» by Andrew Troelsen, «CLR via C#» by Jeffrey Richter, Design Patterns by Sergei Teplyakov

## ABOUT ME

I lived in the USA around one year and got enough experience in communication with the native language speakers. Also, I am a hard-working, honest team player and good timekeeper, well-trained person and always willing to learn new skills. I like to travel and to have an active lifestyle. As per my hobbies, I like riding a bike and snowboarding. At my spare time, I prefer to spend a lot of time on self-education and reading books.
